SALE TERMS & CONDITIONS

All horses consigned are subject to 8% commission and a \$150 catalog fee.

All sale horses are required to be showcased in the preview prior to the sale.

The CASH\$ sale will be a public live event, as well as a live broadcasted sale.

All people attending the sale must come at their own risk.

Method of payments accepted will be cash, cheque, etransfer, or Visa/MasterCard. If paying with a card, buyers will be subject to a 3% convenience fee.

Horses will be sold in Canadian funds, and the US exchange rate will be provided the day of the sale for US buyers.

All horses must be paid for in full before the horse is allowed to leave the grounds. Once buyer has paid in full, registration papers and transfers will be handed over.

Consigners must provide registration papers and transfer papers upon arriving at the sale. The sale office staff will be in charge of handling these documents.

Sale management do not assume any responsibility or liability for horses, they only act as agents for the buyer and seller.

Once the horse is sold, the buyer assumes all further responsibilities. This includes transportation arrangements for the horse.

Horses consigned will be sold in catalogue order on sale day, according to the hip number assigned. Consigners may put a reserve on the sale horse.

All horses are subject to 8% commission, and 2% buyers premium.

All horses consigned are expected to come from an integral program. All information provided by the consigner must be truthful with full disclosure of any defects or bad habits.

All horses consigned are deemed sound up until the horse goes through the sale ring, meaning sound of mind, physically sound with no confirmation defects, and no cribbers.

All consigners must provide current pictures of sale horses. Pictures are subject to rejection under the conditions that pictures are low quality in any aspect (how the horse is portrayed, or blurry pictures etc.)

The sale manager reserves the right to pull any horse from the sale right up until 6pm on May 21st.

Any vet checks are between the buyer and seller, and information disclosed during the vet check is confidential between only the potential buyer and seller. Vet checks are not a requirement.

Potential buyers are expected to have assessed and examined the horse before purchasing.

Upon this agreement, consigner's have a commitment to the CASH\$ sale to sell their horse through the sale on May 21st. Any private sale of horses will not be permitted once horses have a confirmed consignment to the sale. There will be no alley trading allowed.

If a horse is sold on the grounds after the horse has gone through the ring, the sale of the horse will still be charged 8% commission, and 2% buyers premium and all money must be handled through the office.

The final decision of selected horses to be consigned will be solely up to sale management. Sale Management reserves the right to deny any horse consignment.

There will be a brand inspector and insurance agent on site.

It is up to the auctioneer to settle any disputes in the ring, and the final decision will be made by the auctioneer.

All consigners must finalize information and sale advertisements (pictures, videos, written information etc.) by May 1st. Consigners also must provide catalog fee payment (\$150) by April 22nd.

Any horse taken out of the Sale after April 22nd due to failure to abide by the terms of this contract, will still be responsible for the \$150 catalog fee. This is a nonrefundable fee. If a horse is taken out of the sale due to unsoundness, even with a written vet letter, consigner is still responsible for the \$150 catalog fee.

Any announcements or amendments made from the auction block during the day of the sale will take priority over the written content of these terms and conditions.

MM Blue Cricket, aka "Ed" is a solidly built, 15.1 hand blue roan gelding with exceptional confirmation. At 5 years old Ed has a solid foundation in the roping pen and is ready to become your favourite head or heel horse, suitable for a #4 roper up. Take Ed home and be confident that you won't get outrun by those fresh cattle this spring. With speed like his, he would also be well suited for the barrel pen. ED will be in Ponoka April 23 and 24th for Team Roping Canada Spring Two Day Roping, and will also compete in the CASH\$ Team Roping prior to selling at the Cut Above Superior Horse Sale.

We purchased Herman as a 4-year-old and he exceeded our expectations from day one. He is by far the most athletic and versatile horse we have owned. The majority of his experience has been on the ranch but we have shown him in the cowhorse pen as often as we could and have roped on him lots. He has earnings as a cowhorse, and has won the ranch horse competition at both the Nanton Ranch Rodeo and the Edmonton Heritage Ranch Rodeo. Herman has everything: huge stop, credit earning lead changes, tons of rate, and all the speed you need. He is right at home in the heading box and, although we haven't competed on him in the roping pen, we know he has the ability to be a high-power head horse. Herman is a bridal horse who has seen everything. He is not well suited to novice riders.

This mare is by PC Manwood lke who stamps all of his colts with athleticism, a sound mind, and versatility to make great all-around horses both in and out of the arena. Socks has a great start on her, is very soft and collected and has a good stop. This mare has moved cows, had a rope swung off of her and tracked cattle around the pen. She is friendly, and very willing, having all the right tools for someone to take in any direction. With her great disposition, athletic ability, and size she shows great potential to make an excellent breakaway or heel horse.

"Hit The Goldmine" is a 2021 stud colt. This good looking, flashy yearling would make an excellent stud prospect. He has great confirmation, good bone, and a pedigree to match. He is by the outstanding AAA stallion Ninety Nine Goldmine who has produced several winning horses, especially in the barrel racing industry! This colt is out of a great mare from the Gonnet program Tazs Spooky, who has been hauled to cuttings across the country as one of the best turn back horses, has barrel raced, been roped off of, and just an all-around great using horse. This colt has all the right genetics to make him smart, athletic, and trainable. He is also paid in full to Western Fortunes. Make sure you take a look at this own son of Ninety Nine Goldmine!

"Lola" is a 2018 sorrel mare that has been started on the barrels by Carly Christianson. She is cruising a nice barrel pattern, been worked on the flag as well as live cattle. She has been ranched off of, taken to brandings, nothing phases her. She is a very level headed easy going mare.

Lola has been started correct and has all the buttons. She is by Six Packa Moonshine out of a CD Lights mare. She would be a perfect all round mare for someone to take to the barrel and rope pen!

He's been with us since he was 3 and was brought along to do all aspects of ranch work. Gathering in the mountains, dragging calves and doctoring yearlings and cows. One man doctoring is no problem, step off and Shorty will hold em. Shorty has tons of cow sense. Lots of fun sorting cattle, ranch cutting or work them down the fence. He's a very handy rope horse when you go to town as well. Heading or heeling and breakaway. Scores really well. Comes out fast and smooth. Rates excellent and is looking for the stop. Shorty has been a big part of my kids' lives growing up. He helped my son learn to rope and my daughter was often cruising around somewhere bareback on him.

Give me a call or shoot a text if you have any questions.

"Oakley" is a 13 year old flashy brown gelding sired by Fast Moon Chic. He is very soft, smooth, and has lots of buttons. His main focus has been barrel racing in both rodeo and jackpot settings, but has had experience pole bending, trail riding in the mountains, and checking/sorting cattle.

Oakley is powerful with lots of gears! He runs in both directions on the barrel pattern and knows his job. Leave him turned out for months, bring him in, saddle him up, jump on and it will be like you never stopped riding. He will steal your heart and be your best friend.

"Woody" is an 11 year old dunn gelding, standing 14.3 with straight legs and no scars or blemishes. He is really easy going, with no buck or BS to him. Leave him for a week or 6 months, when you catch him he will be the same horse every time. Woody has been used for all ranch work, including gathering, doctoring and drug calves to the fire.

He is a nice heel horse who is good in the box, makes a nice corner and easy to rope on. He has also been started in the breakaway roping and is starting to figure it out. For more information, please call Kody.

Having competed in the cutting, Earl's confidence, cow sense and composure makes him skilled at cutting along the fence or at the end of a rope. Earl has been hauled extensively and is comfortable and relaxed wherever he goes. If you are in the market for an amazing ranch cutting horse, reined cow horse, team penning horse, heel horse, or calf horse, Earl is your man, and he is going to look good doing it. Earl is well suited to be a TOP NOTCH breakaway horse. After a day of competition, if you just want to head out on the trail, Earl will be your go to horse. He is confident enough to ride out alone along the river and calm in a group. From crossing water, opening gates, rounding up a stray or whatever you need, he will get it done for you.

This guy has been in a consistent training program for the last 1.5 years. Many working hours in relation to cutting/working cattle, indoor flag work and just newly introduced to the world of roping! He has been hauled many times to different local roping practices in the area to be exposed to the sport with positive results.

He is very mature minded, well mannered, NO VICES. Sound. No bad stall habits, hauls wonderfully. Great temperament around other people and horses. We know he would make a great roping prospect, even a nice all-around horse to have in the working cow horse industry.

"Fox" is a good looking gelding with a big motor and handles himself well. He is a jackpot ready switch ender rope horse and has already been to some. Done all aspects of ranch work from branding to doctoring in the pasture.

He has been to the mountains a ton and has proven to be sure footed in steep country. Good to shoe, haul and load. I started this horse under saddle and he has been great since day one. Whether you're taking him to the arena or to the mountains, he's sure to please.

Cross L Reno, aka "Reno" is a nice 5 year old roan gelding who has done lots of ranch work including ranch roping, branding, riding in the bush, and pulling the calf sleigh. This horse is strong on the end of the rope and is tough enough to withstand long days.

He has worked and sorted cows on the ranch and really watches a cow. Reno has a good stop and would make an excellent heel/breakaway horse, and is ready to go there.

He is a very quiet horse and would be well suited for any level of rider. Reno has the potential to go in any direction you want to take him.

This 7 year old roan gelding is a finished heel horse, been hauled and won on at jackpots. He has enough run to get up and around them and will hold his ground and get the clock stopped. He has also been breakaway roped on.

He is very nice and quiet to be around and will be perfect for any level of roper. He has been rode out doctoring cows, crossed creeks and bogs. Take this horse straight from the sale to the rodeos and jackpots, not to mention look good doing it.

Try and find a good looking coloured gelding right now in his prime with a set of papers like this, they are few and far between.

Sailors Whiskey, aka "Willy" is a 7 year old gelding who has been there, done that. He has been used on the ranch, in the feedlot, and in the arena as a turn back horse in the cutting pen.

This gelding has also been team roped on, both the head and heel side, and is really excelling as a head horse. He is an easy mover with a great stop.

Willy will be shown in the team roping jackpot prior to the sale, so keep your eye out for him in the jackpot!

An exceptional colt from birth. He exemplifies our breeding program and what we are producing. Lots of bone, enough foot, good conformation, and lots of shape and look. Dustin Sippola put 10 rides on this colt in January. He was very trainable, light and quick footed, with a lot of natural stop! A young athlete!

The colt has a stacked cow horse pedigree without doubt – both sides of the pedigree! I thought enough of this colt that I didn't geld him. I believe he has the potential to be a stallion prospect. Both testicles are present. He should mature around 15 hands.
